Greetings:

Pursuant to State law, the Secretary of State is required to compile and produce an official record of election results from the preceding election.

This statistical information serves as the official record of the vote, and is what many people base many actions on such as weighted voting within political party organizations and signature requirements for candidates and ballot issues.

If there is any information not listed on statewide or legislative races that you might be seeking, please feel free to contact my office at (605) 773-3537.

NONPOLITICAL BALLOT	Constitutional Amendment L	Initiated Measure(s)
Constitutional Amendment(s) The following amendment(s) to the State Constitution (is/are) submitted to the voters by the Legislature or by petition. The amendment(s) will not become effective unless approved by majority vote.	<p>Title: An Amendment to Article XIII of the South Dakota Constitution relating to the trust fund created from the proceeds of the state cement enterprise sales.</p> <p>Attorney General Explanation: Constitutional Amendment L changes annual distribution amounts made from the cement plant trust fund to the State's general fund. The cement plant trust fund holds the proceeds from the sale of the state cement plant to benefit South Dakota citizens. The proposed amendment reduces the current \$12 million mandatory annual transfer to \$8 million over a four year period. Thereafter, the mandatory transfer is eliminated and the Legislature may transfer up to four percent of the trust fund to the State's general fund as long as the transfers do not cause the trust fund to fall below its original principal amount.</p> <p>The amendment also eliminates a distribution from the trust fund to support education.</p> <p><input type="radio"/> Yes A vote "Yes" is for changing the annual distributions from the cement plant trust fund.</p> <p><input type="radio"/> No A vote "No" is against the constitutional amendment.</p>	<p>The following initiated measure(s) (was/were) proposed by petition for submission to the voters. The initiated measure(s) will not become effective unless approved by majority vote.</p>
Constitutional Amendment K		Initiated Measure 13
<p>Title: An Amendment to Article VI of the South Dakota Constitution relating to the right of individuals to vote by secret ballot.</p> <p>Attorney General Explanation: The proposed amendment to the Constitution would guarantee a right to vote by secret ballot to prevent others from knowing how a person voted. This right would apply to elections of public officers, adoption of initiated or referred measures, and elections to designate or authorize employee representation, such as elections concerning unions.</p> <p><input type="radio"/> Yes A vote "Yes" is for guaranteeing a right to vote by secret ballot.</p> <p><input type="radio"/> No A vote "No" is against the constitutional amendment.</p>		<p>Title: An Initiated Measure to authorize the possession, use and cultivation of marijuana by and for persons with specified debilitating medical conditions registered with the Department of Health.</p> <p>Attorney General Explanation: The proposed initiated measure would change state law to legalize marijuana possession, use, distribution and cultivation by persons registered with the South Dakota Department of Health. These activities remain illegal under federal law.</p> <p>Registration to use, possess and cultivate marijuana would require a certification from a physician that the registrant has a debilitating medical condition and that the potential benefits of the marijuana use would likely outweigh the health risks. Minors may be registered with parental consent. The registrant may designate another person to cultivate, possess, and distribute marijuana for the registrant's use. The designee must register with the Department and may provide only a limited amount of marijuana for a maximum of five registrants.</p> <p>Schools, employers and landlords may not refuse to enroll, employ, or lease based upon marijuana registration unless required by federal law. The proposed law does not require that a registrant be allowed to use marijuana in a workplace or on property owned by another.</p> <p><input type="radio"/> Yes A vote "Yes" is for legalizing marijuana for registrants and designees.</p> <p><input type="radio"/> No A vote "No" is against the proposed law.</p>

ten days of the change. A registered designated caregiver shall notify the department of any change in his or her name or address within ten days of such change. If a change occurs and is not reported to the department, the registry identification card is void. If the registered qualifying patient's certifying physician notifies the department in writing that either the registered qualifying patient has ceased to suffer from a debilitating medical condition or that the physician no longer believes the patient would receive therapeutic or palliative benefit from the medical use of marijuana, the card is null and void upon notification by the department to the qualifying patient.

Section 9. The department shall maintain a confidential list of the persons to whom the department has issued registry identification cards. Any individual name or any other identifying information on the list is confidential and is not subject to disclosure, except to:

- (1) An authorized employee of the department as necessary to perform official duties of the department; or
- (2) An authorized employee of a state or local law enforcement agency, only as necessary to verify the validity of a registry identification card.

Section 10. The department shall report annually to the Legislature the number of applications for registry identification cards, the number of qualifying patients and designated caregivers approved, the nature of the debilitating medical conditions of the qualifying patients, the number of registry identification cards revoked, and the number of physicians providing written certification for qualifying patients. The department may not provide any identifying information of qualifying patients, designated caregivers, or physicians.

Section 11.

(1) No qualifying patient or designated caregiver who is in possession of a valid registry identification card issued to the qualifying patient or designated caregiver pursuant to this Act may be arrested, prosecuted, or penalized in any manner, or be denied any right or privilege for the medical use of marijuana in accordance with this Act, provided that the qualifying patient or designated caregiver possess an amount of marijuana that does not exceed the amounts listed in section 12 of this Act. This section prohibits a professional licensing board from bringing disciplinary action for the medical use of marijuana in accordance with this Act or for assisting in the medical use of marijuana in accordance with this Act.

(2) No qualifying patient or designated caregiver who is in possession of a valid registry identification card shall be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil penalty or disciplinary action by a court or occupational or professional licensing board or bureau, for offering or providing marijuana to a registered qualifying patient if nothing of value is transferred in return and the person giving the marijuana does not knowingly cause the recipient to possess more marijuana than is permitted by section 12 of this Act.

Section 12. A registered qualifying patient may not possess more than one ounce of usable marijuana, an incidental amount of seeds, stalks, and unusable roots, and, if the registered qualifying patient does not have a designated caregiver, six plants. A registered qualifying patient may not possess marijuana plants if he or she has a designated caregiver. A registered designated caregiver may not possess more than six marijuana plants, an incidental amount of seeds, stalks, and unusable roots, and one ounce of usable marijuana for each qualifying patient to whom he or she is connected through the department's registration process. All plants shall be kept in an enclosed, locked facility, unless they are being transported because the cardholder is moving.

Section 13. A qualifying patient or designated caregiver is presumed to be engaged in the medical use of marijuana if the qualifying patient or designated caregiver:

- (1) Is in possession of a registry identification card; and
- (2) Is in possession of an amount of marijuana that does not exceed the amount permitted under section 12 of this Act.

The presumption may be rebutted by evidence that the possession of marijuana was not for the purpose of alleviating the symptoms or effects of a qualifying patient's debilitating medical condition in accordance with this Act.

Section 14. No physician may be arrested, prosecuted, or penalized in any manner, or denied any right or privilege, nor may a professional licensing board bring a disciplinary action against a physician solely for providing a written certification or for otherwise stating that, in the practitioner's professional opinion, the potential benefits of the medical marijuana would likely outweigh the health risks for a patient. This shall not prevent a professional licensing board from sanctioning a practitioner for failing to properly evaluate a patient's medical condition or otherwise violating the standard of care.

Section 15. An interest in or a right to property that is possessed, owned, or used in connection with a cardholder's medical use of marijuana in accordance with this Act or any act incidental to the medical use of marijuana in accordance with this Act may not be forfeited under any provision of law providing for the forfeiture of property other than as a sentence imposed after conviction of a criminal offense. This does not prevent civil forfeiture if the basis for the forfeiture is unrelated to the medical use of marijuana.

Section 16. No person may be prosecuted under any provision of law solely for being in the presence or vicinity of the medical use of marijuana as permitted pursuant to this Act or for assisting a registered qualifying patient to administer or use medical marijuana.

Section 17. Possession of or application for a registry identification card does not alone constitute probable cause to search the person or property of the person possessing or applying for the registry identification card or otherwise subject the person or property of the person possessing or applying for the card to inspection by any governmental agency, including a law enforcement agency. The possession of or application for a registry identification card shall not preclude the existence of probable cause if probable cause exists on other grounds.

Section 18. A registry identification card or its equivalent issued under the laws of another state, United States territory, or the District of Columbia to permit the medical use of marijuana by a visiting qualifying patient has the same force and effect as a registry identification card issued by the department.

Section 19. No school, employer, or landlord may discriminate against a cardholder by refusing to enroll, employ, or lease to, or otherwise penalize a person solely because of his or her status as a registered qualifying patient or a registered designated caregiver unless failing to do so would put the school, employer, or landlord in violation of federal law or cause it to lose a federal contract or funding.

Section 20. A registered qualifying patient may not be discriminated against for the purpose of qualification for an organ transplant. For purposes of determining eligibility for an organ transplant, the authorized use of marijuana in accordance with this Act is considered the equivalent of the authorized use of a prescription medication used at the discretion of a physician and does not constitute the use of an illicit substance.

Section 21. No person, including an employee or official of the department or other state or local government agency, may disclose confidential information relating to the medical use of marijuana if the person knowingly or purposely discloses confidential information in violation of this Act. A violation of this section is a Class 1 misdemeanor.

Section 22. This Act does not permit any person to do any of the following, nor shall it prevent the imposition of any civil, criminal, or other penalties for any such actions:

- (1) Operate, navigate, or be in actual physical control of any motor vehicle, aircraft, or motorboat while impaired by marijuana;
- (2) Smoke marijuana in any place where tobacco smoking is prohibited by law or by the rules of the establishment, or in any public place or place open to the public, except in a health care facility by permission of an attending physician;
- (3) Undertake any task while impaired by marijuana if doing so would constitute malpractice or negligent behavior;
- (4) Possess marijuana, or otherwise engage in the medical use of marijuana, in a school bus, on the grounds of any preschool or primary

or secondary school, or in any correctional facility;

(5) Use marijuana if the person does not have a debilitating medical condition and a physician who states that the potential benefits of medical marijuana would likely outweigh the health risks for the person;

(6) Smoke marijuana where the smoke may be inhaled by a minor child;

(7) Provide marijuana to any person other than a registered qualifying patient; and

(8) Operate a medical marijuana dispensary, collective, or cooperative.

Section 23. No more than one qualifying patient or designated caregiver may cultivate marijuana on the same property, unless the property is the primary residence for each of the cardholders

Section 24. Nothing in this Act requires:

(1) A government medical assistance program or private health insurer to reimburse a person for costs associated with the medical use of marijuana;

(2) An employer to accommodate the medical use of marijuana in any workplace. This Act shall in no way limit an employer's ability to discipline an employee for ingesting marijuana in the workplace or working while under the influence of marijuana; or

(3) Any person or establishment in lawful possession of property to allow a guest, client, customer, or other visitor to use marijuana on or in that property.

Section 25.

(1) Except as provided in this section and sections 21 and 22 of this Act, it is an affirmative defense to any criminal offense involving marijuana intended solely for the person's medical use that the person charged with the offense is a qualifying patient who:

(a) Has a physician who states, in the physician's professional opinion, after having completed a full assessment of the person's medical history and current medical condition made in the course of a bona fide physician-patient relationship, that the person has a debilitating medical condition and the potential benefits of medical marijuana would likely outweigh the health risks for the person;

(b) Was engaged in the acquisition, possession, cultivation, internal possession, manufacture, use, or transportation of marijuana or paraphernalia relating solely to the consumption of marijuana to alleviate the symptoms or effects of the medical condition of the qualifying patient;

(c) Possessed no more than one ounce of usable marijuana, an incidental amount of seeds, stalks, and unusable roots, and either no marijuana plants or, if the qualifying patient does not have a registered designated caregiver, six marijuana plants; and

(d) If any marijuana plants were involved, the plants were kept in an enclosed area equipped with locks or other security devices that permit access only by the qualifying patient.

(2) This defense is not available to any person who previously had a registry identification card revoked for a serious violation of this Act or for multiple violations of this Act.

(3) Any interest in or right to non-marijuana, licit property that was possessed, owned, or used in connection with a person's use of marijuana for medical purposes is not forfeited if the person demonstrates his or her medical purpose for using marijuana pursuant to this section.

Section 26. No person may knowingly or purposely fabricate or misrepresent a registry identification card to a law enforcement officer. A violation of this section is a Class 6 felony.

Section 27. (1) Any cardholder who distributes marijuana to a person who is not allowed to use marijuana for medical purposes under this Act shall have his or her registry identification card revoked, and is subject to any other codified penalties for the distribution of marijuana.

(2) The department may revoke the registry identification card of any cardholder who violates this Act, including by committing acts listed under section 21 and section 22 of this Act, and the cardholder shall be subject to any other codified penalties for the violation.

Section 28. The department shall promulgate rules, pursuant to SDCL chapter 1-26, governing the manner in which the department shall consider petitions from the public to add any additional medical conditions, or treatments for medical conditions, as debilitating medical conditions. The department shall promulgate rules, pursuant to chapter SDCL 1-26, to address the manner in which the department will consider applications for and renewals of registry identification cards for qualifying patients and designated caregivers. The rules shall establish application and renewal fees that generate revenue sufficient to offset all expenses of implementing and administering this Act. The department may vary the application and renewal fees along a sliding scale that takes into consideration a qualifying patient's income, so that the fees do not place an undue hardship upon the qualifying patient.

Section 29. No person who has complied with this Act may be prosecuted under any section of law for acts committed in accordance with this Act.

Section 30.

(1) Except as provided in subsection (2), a violation of SDCL § 22-42-6 is mitigated, and the court shall reduce the punishment, if the defendant demonstrates all of the following:

(a) The person possessing or manufacturing marijuana is a registered qualifying patient for whom the amounts of marijuana specified under section 12 of this Act were inadequate to maintain an uninterrupted supply; and

(b) The amount of marijuana possessed or manufactured by the registered qualifying patient was no more than was reasonably necessary to maintain an uninterrupted supply of medical marijuana for the registered qualifying patient; and

(2) This section does not apply if the registered qualifying patient was not in compliance with requirements contained in sections 1 to 29 of this Act, other than having an amount of marijuana exceeding the amounts specified under section 12 of this Act.

Section 31. The code counsel shall place this Act in SDCL Title 34, and the provisions of Title 34 apply to this Act.
