Attorney General Explanation: The Constitution authorizes legislative enactment of video lottery. Amendment D removes that authority and will repeal all video lottery laws.

Constitutional Amendment E

Title: An Amendment to Article VIII of the South Dakota Constitution, permitting the investment of permanent school funds in certain stocks, bonds, mutual funds, and other financial instruments and to use a certain portion of the interest and income to increase the principal in the fund.

Attorney General Explanation: The South Dakota Investment Council invests the state permanent school fund, and other educational and charitable funds. Losses resulting from these investments must be reimbursed by the Legislature. The Investment Council is prohibited from investing these funds in stocks or similar investments.

In addition to the investments currently authorized, Amendment E would allow the Investment Council to invest these funds into stocks and similar investments. Amendment E would limit reimbursement to losses incurred through any unconstitutional act.

In addition, all interest and income earned from the investment of the state permanent school fund is currently required to be annually disbursed to the public school districts. Under Amendment E, only interest and income earned in excess of the inflation rate would be disbursed to the school districts. The remaining interest and income would become part of the permanent school fund.

Initiated Measure 1

Title: An initiated amendment to SDCL 42-7B-14 to raise the maximum bet limits for limited card games and slot machines authorized within the city of Deadwood.

Attorney General Explanation: State law currently imposes a maximum limit of five dollars on any initial or subsequent bet for Deadwood gaming. Initiated Measure 1 would increase the bet limit to one hundred dollars on each of these bets.
