

Circulator Handout: Initiated Amendment to Codify Roe v. Wade

Attorney General's Title: "An Initiated Amendment Establishing a Right to Abortion in the State Constitution."

Attorney General's Explanation:

This initiated amendment establishes a constitutional right to an abortion and provides a legal framework for the regulation of abortion. This framework would override existing laws and regulations concerning abortion.

The amendment establishes that during the first trimester a pregnant woman's decision to obtain an abortion may not be regulated nor may regulations be imposed on the carrying out of an abortion.

In the second trimester, the amendment allows the regulation of a pregnant woman's abortion decision, and the regulation of carrying out an abortion. Any regulation of a pregnant woman's abortion decision, or of an abortion, during the second trimester must be reasonably related to the physical health of the pregnant woman.

In the third trimester, the amendment allows the regulation or prohibition of abortion except in those cases where the abortion is necessary to preserve the life or health of the pregnant woman. Whether an abortion is necessary during the third trimester must be determined by the pregnant woman's physician according to the physician's medical judgment.

Judicial clarification of the amendment may be necessary. The Legislature cannot alter the provisions of a constitutional amendment.

In the second trimester, the amendment allows the regulation of a pregnant woman's abortion decision, and the regulation of carrying out an abortion. Any regulation of a pregnant woman's abortion decision, or of an abortion, during the second trimester must be reasonably related to the physical health of the pregnant woman.

In the third trimester, the amendment allows the regulation or prohibition of abortion except in those cases where the abortion is necessary to preserve the life or health of the pregnant woman. Whether an abortion is necessary during the third trimester must be determined by the pregnant woman's physician according to the physician's medical judgment.

Judicial clarification of the amendment may be necessary. The Legislature cannot alter the provisions of a constitutional amendment.

Circulator Handout: Initiated Amendment to Codify Roe v. Wade

Attorney General's Title: "An Initiated Amendment Establishing a Right to Abortion in the State Constitution."

Attorney General's Explanation:

This initiated amendment establishes a constitutional right to an abortion and provides a legal framework for the regulation of abortion. This framework would override existing laws and regulations concerning abortion.

The amendment establishes that during the first trimester a pregnant woman's decision to obtain an abortion may not be regulated nor may regulations be imposed on the carrying out of an abortion.

In the second trimester, the amendment allows the regulation of a pregnant woman's abortion decision, and the regulation of carrying out an abortion. Any regulation of a pregnant woman's abortion decision, or of an abortion, during the second trimester must be reasonably related to the physical health of the pregnant woman.

In the third trimester, the amendment allows the regulation or prohibition of abortion except in those cases where the abortion is necessary to preserve the life or health of the pregnant woman. Whether an abortion is necessary during the third trimester must be determined by the pregnant woman's physician according to the physician's medical judgment.

Judicial clarification of the amendment may be necessary. The Legislature cannot alter the provisions of a constitutional amendment.
