SECRETARY OF STATE ANNOUNCES UPCOMING FEE CHANGE FOR BUSINESS FILINGS

(Pierre, S.D.) – The South Dakota Secretary of State’s Office is reminding business entities of a fee change that will take effect July 1, 2025, as part of legislation passed earlier this year.

House Bill 1024, signed into law during the 2025 Legislative Session, increases the filing fee by \$5 for Annual Reports and Amended Annual Reports filed with the Secretary of State’s Office. Nonprofit organizations registered with the office will not be affected by this fee change.

“We are committed to keeping our fees as low and predictable as possible,” said Secretary of State Monae L. Johnson. “This modest increase helps us continue delivering efficient and secure services to the thousands of businesses that operate in South Dakota.”

A full breakdown of all fees can be found by visiting the Secretary of State’s [Fee Schedule](#).
